

## **You say her name is what?**

**February 18, 2020**

You say her name is what? Shriek?  
What an odd name! So is it apt?  
Does she? Should I avoid her?  
Yes, I know, we're due to meet,  
her brother set it up, but  
he said her name was Anne.

You say it's Shriek? That  
doesn't sound like a name I've heard before,  
Anne, yes, but Shriek?  
What kind of name is that?  
Oh, I see, but that's not very nice.

So what shall I do? Ring and say I'm ill?  
She'll know it's a lie, she's bound to.  
Matter? No, I don't suppose it does,  
We don't yet know each other  
so what if she does think I'm a heel?  
Oh, what the hell, I'll give it a try,  
I've nothing else on.

What was it like? Well,  
Shriek is rather apt I must admit  
and when she laughs! Dear soul!  
Yes, Shriek is on the nose.
